Hello, Jean-Gualbert FABUREL

I'm Serhii Chyzhyk, head of Audax Dnipro randonneurs club.

A few days ago, the anniversary brevet was supposed to take place. But as far as you know, there is a war in Ukraine, unleashed by russia, and we are unable to run any brevet because of the threat to life and health and the introduction of a curfew for our safety. But russians can. It's not even about politics. It's about fairness.

Since our club is not able to function and you have no plans to do anything to return at least some of the fairness, I'm asking you to:

- cancel from your calendar any event hosted by our club and consider it as not held
- cancel the registration of the club Audax Dnipro
- send me back two confirmation letters
 - that you received this letter
 - when you finish the cancellation procedure

If you want, you can read the last post in our group, where I explained all the reasons for this deed. If you have time, you can answer the questions, described in the post.

Hello Serhii Chyzhyk

As Audax Club Parisien and Audax Dnipro never signed an agreement or a contract, there is no formal termination to act together.

ACP has an agreement with your national representative, Oleg MYKHAILYK, and your club can have an agreement with him to organize BRM in your area.

Of course, you are free to ask Oleg to stop any cooperation with him. He will cancel all your event from your BRM calendar.

Best regards,

Jean-Gualbert FABUREL

Thank you for your quick reply. I really appreciate it.

First, Oleg MYKHAILYK is not the representative of our club and probably you shouldn't include his email to cc. I have no information did he or his wards clubs heads even contact you with similar questions. Our representative is Alexandre IEVLEV.

Second, I wrote directly to you because previous letters from our club, as well as Audax Kharkov and Moguls Audax, were also addressed directly to you. At this time I have no topics to discuss with my representative, cause my questions are not regarding local organizing issues.

Third, Me and you talking not in the field of law, so I suppose you shouldn't mention agreements or contracts. We are talking in the field of non-formal relations between you and me.

When I say "you", I mean ACP – an organization whose only objective is to promote long-distance cycling.
When I say "me", I mean club Audax Dnipro, which ideas were literally based on yours and also wanted to promote long-distance cycling.

I aim not to simply stop my club activity for no reason. My goal is:

- make you think that you are not living in a vacuum, and sometimes you should care about what's going on around us
- show you that unfairness, that was arranged by your so-called friends
- convey to you and others the idea that we are not ready to put up with this unfairness
- show you that we are asking questions not about politics, but about trivial equality
- show you, that your words aimed to populate cycling go against your actions. Clubs can not want to cooperate with you if you do not provide enough equality and fairness for all of them

That's the reason, I'm writing directly to you, Jean-Gualbert FABUREL.

Our club was created, sharing the desire to promote long-distance cycling. That's why we created a club that worked exactly according to the rules of the ACP. That is, in my understanding, you were a kind of trust center that represent simple and understandable rules.

Now I see that you don't want to ensure fairness. You don't even want to ensure equality.

Therefore, our club breaks off relations with you.
Therefore, I once again ask you to record this on your side and send us confirmation.

Hello Serhii Chyzhyk

You are right, you should ask for the termination of cooperation to Alexandre IEVLEV as he is the representative for your part of Ukraine.

It's another example of the sad and difficult situation for Ukraine during the last 8 years.

Best regards,

Jean-Gualbert FABUREL
